

Advance integration and process automation

EFI™ Pace™, a best-in-class browser-based management information system (MIS), with Fiery digital print servers takes your productivity to the next level.

EFI Midmarket Suite is designed to deliver a growth platform for small and medium companies serving the commercial print industry.

With the EFI Pace™ MIS at its core enabling accurate estimating, data collection, job costing, dynamic scheduling and integrated accounting, the Midmarket Print Suite excels at production efficiency by bringing integrated Fiery Driven™ printers into certified end-to-end workflows that boost productivity, reduce waste, and eliminate repetitive tasks. The highest level of integrated capabilities achieved between EFI Pace and Fiery digital print server allows Pace users to prepare

different types of product estimates quickly, convert them into jobs and automate production tasks without touching the Fiery servers.

Produce commercial documents such as direct mails, booklets, calendars, business cards and more with just a few clicks, and check real-time status of production, media usage, and time used for accurate costing, right from EFI Pace.

Integration highlights

INTEGRATION FEATURES		DESCRIPTION
Digital press connectivity and applications		
Fiery Driven™ digital presses	The best performance, usability, color and integration for digital presses	<ul style="list-style-type: none"> The widest selection of digital engines with industry-leading Fiery technology CIP4 JDF-certified to maximize interoperability Integration ready for EFI Web-to-Print solutions as well as EFI Pace Excellent processing speed with Fiery HyperRIP Match offset color quality with Fiery color management tools including Fiery Color Profiler Suite Simplify prepress workflows including complex makeready tasks through Fiery Impose, Compose and JobMaster
Digital applications	Value-added digital printing use cases	<ul style="list-style-type: none"> Quick initial short runs or short-run reprints Quick digital proofs for offset jobs High-speed variable data printing End-to-end automated production using online job submission
Production process automation		
Job information	Job attributes mapping to reduce touchpoints	<ul style="list-style-type: none"> Automatically map number of copies, color or black and white, and simplex or duplex from Pace to Fiery servers
Template-based workflow	JDF templates to automate any color, media, layout, finishing settings	<ul style="list-style-type: none"> Directly select JDF job ticket templates associated with Fiery Virtual Printers or Fiery Server Presets for common workflow automation Provides access to complete Fiery feature set and fully automates any job production settings available on Fiery servers
Scheduling and costing	Time and media usage tracking for efficient scheduling and accurate costing	<ul style="list-style-type: none"> Pace automatically retrieves production information such as RIP or process time and media usage from Fiery servers
Integrated user interface		
Device configuration wizard	Quick Fiery server discovery and configuration	<ul style="list-style-type: none"> Automatically finds available Fiery Driven devices to configure the integration easily Automatically adds Fiery Paper Catalog library, Fiery Virtual Printers and Fiery Server Presets
Media workflow	Automatic media synchronization	<ul style="list-style-type: none"> Automatically maps media selection from Pace to Fiery servers Access to full Fiery Paper Catalog library directly from Pace
Device and job status	Bidirectional device and job status updates in real time	<ul style="list-style-type: none"> Device status: online/offline, error status Percent of job progress with estimated print duration Job status: spooling, printing, printed, rejected, canceled, error
Hardware and software requirements and compatibility		
Fiery Digital Print Servers	Supported Fiery Driven digital presses	<ul style="list-style-type: none"> Fiery System 10 or higher Fiery JDF-enabled digital presses listed at http://www.efi.com/fjdf

EFI fuels success.

From Fiery to superwide inkjet, from the lowest cost per label to the most automated business processes, EFI has everything your company needs to succeed. Visit www.efi.com or call 650-357-3500 for more information.
