Xerox® EX II Print Server Powered by Fiery®

GET MORE WORK DONE, FASTER.

The EX II Print Server delivers performance-boosting features so you can get more work done, faster. Increase efficiency with built-in automation capabilities. Add Fiery JobMaster (optional) to define and design complex tabs and perform advanced page editing functions.

TURN UP THE IMPACT WITH PERSONALIZATION.

With Fiery FreeForm™ Create, you can quickly and simply personalize existing files for free – with no additional VDP software required. Add variable elements such as text, images, or barcodes with just a few clicks.

A SECURE, INTEGRATED PRODUCTION ENVIRONMENT

Built on the Microsoft® Windows 10 platform, the EX II Print Server contains the latest security protections, such as Windows Defender. Other enhancements include encryption, secure printing, user authentication, and configurable backup and restore capabilities. The server features standard JDF connectivity for easy integration to corporate MIS or Web-to-Print systems.

Get faster processing speed, outstanding image quality, and time-saving workflow with the EX II Print Server.
