

Get the right tools for the job.

Increase productivity, shorten turnaround times and deliver superior output quality with the Fiery® TotalFlow bundles available for Ricoh® Color Controller E-47B driving the Ricoh Pro C5300S/C5310S.

Fiery TotalFlow Basic bundle

Start with the essential tools to accurately and efficiently measure for consistent color reproduction. Perform complex imposition tasks easily and streamline labor-intensive prepress tasks with the intuitive Fiery Impose.

Included:

- EFI® ES-3000 spectrophotometer
- Fiery Impose

Fiery TotalFlow Advanced bundle

Get advanced color management tools to meet industry standards, enhance the proofing and control processes, and reduce wasted test prints. Achieve superior color that is accurate, consistent and reliable every time. Perform advanced document preparation, imposition and labor-intensive prepress tasks simply and easily.

Included:

- Fiery Graphic Arts Pro Package
- Fiery Color Profiler Suite
- EFI ES-3000 spectrophotometer
- Fiery Impose
- Fiery Compose

FIERY SOFTWARE

Fiery Graphic Arts Pro Package*	<p>Be confident that your output will print right every time. Best-in-class, integrated tools allow you to quickly make file adjustments directly on the Fiery digital front end (DFE) without needing to go back to prepress:</p> <ul style="list-style-type: none"> • Preview full-resolution post-RIP raster files in Fiery ImageViewer, including variable data content • Quickly make global color edits with curves and perform late-stage color replacements • Provide accurate softproof PDFs to clients to streamline remote review • Create custom color bars with sluglines for color quality control and at-a-glance job information for archiving • Preflight files manually or automatically to easily identify job errors before they result in unsellable print products • Fiery Spot Pro provides advanced spot color management tools that ensure consistent brand colors from design to output
Fiery Color Profiler Suite	<p>Integrated color management that allows users to make, inspect, edit, and enhance ICC profiles. Users can also verify color accuracy, match to color standards, and align results across multiple printers:</p> <ul style="list-style-type: none"> • Enables easy creation of expert-level custom ICC printer profiles with Express Profiler or Printer Profiler • Calibrates Fiery Driven™ print systems to G7 in order to gray balance the print system before profiling • Produces fully compatible ICC profiles by connecting the source and destination with the Device Link module • Evaluate proofs and prints against an industry standard with Fiery Verify • Enables fine-tuning of profiles with Profile Editor, while Profile Inspector helps visualize a printer's color capabilities, and identify possible errors • Printer Match module aligns up to five Fiery Driven printers to achieve color consistency across a print facility
EFI ES-3000 spectrophotometer	<p>Handheld measuring device used for print-engine calibration, creating spot colors and ICC profiles:</p> <ul style="list-style-type: none"> • Accurately measures color patches for calibration, ensuring consistent, repeatable color • Produces accurate spot colors from a physical swatch and includes them in the server's spot color library for fast and easy printing • Measures exact white points
Fiery Impose	<p>Visual custom imposition and easy automation of repetitive layout styles:</p> <ul style="list-style-type: none"> • Increases productivity by creating unlimited user-definable imposition templates • Cuts down job preparation time to seconds by integrating with job submission automation methods including Fiery Hot Folders, Fiery JobFlow, Presets, and Virtual Printers • Simplifies variable data printing (VDP) by imposing multiple records of a variable length in specific sequences to produce many applications and personalized materials, including books, coupons and business cards
Fiery Compose	<p>Provides an advanced preview environment to simplify media assignments, tab printing, chapterization and document finishing:</p> <ul style="list-style-type: none"> • Creates tabs and specifies mixed media from a single, integrated visual interface • Simplifies document setup and navigation in large jobs with a page view panel • Offers quick and easy setup of page ranges within documents, including chapter definition • Provides simple merging of PDF pages with drag-and-drop PDF insertion

*Bundle includes 5-year term license

EFI fuels success.

We develop breakthrough technologies for the manufacturing of signage, packaging, textiles, ceramic tiles, and personalized documents, with a wide range of printers, inks, digital front ends, and a comprehensive business and production workflow suite that transforms and streamlines the entire production process, increasing your competitiveness and boosting productivity. Visit www.efi.com or call 650-357-3500 for more information.
