

# Fiery<sup>®</sup> JobExpert

Especialista integrado para impressão de alta qualidade

---

Disponível nos novos servidores externos Fiery com o software FS400 Pro

# Desafios que os operadores enfrentam hoje

O Fiery JobExpert  
é a solução

# O que é o Fiery JobExpert?

Seu especialista interno para otimizar a impressão

O Fiery JobExpert é uma **tecnologia inovadora** que analisa os PDFs de entrada e escolhe dinamicamente as configurações de impressão ideais **para alcançar a mais alta qualidade e otimizar o tempo de produção**

# Como funciona?

- Analise cada trabalho de impressão PDF em detalhes
- Defina automaticamente as Configurações de trabalho ideais do Fiery
- Processe eficientemente cada trabalho para alcançar a melhor qualidade de impressão possível

# Benefícios do uso do Fiery JobExpert

- Maior qualidade de impressão
- Processamento mais rápido
- Permite que operadores com menos experiência executem trabalhos corretamente logo na primeira vez
- Reduz o tempo de configuração
- Diminui o desperdício
- Desfaz se necessário

# Fiery JobExpert

Veja um resumo das configurações otimizadas para o trabalho

The screenshot displays the Fiery JobExpert interface within the Fiery Command WorkStation. The main window shows the job title "efi\_fiery\_home\_furniture\_sale\_poster\_fg\_en\_uk.pdf" and a notification that "Job properties optimized for 256 objects". The interface is divided into several sections:

- Left Panel (SERVERS):** Shows a list of servers and job status categories: HELD (79), PRINTED (8), ARCHIVED (1), PROCESSING (0), PRINTING (0), and COMPLETED (33). It also lists various trays and their configurations.
- Job Properties Panel (Center):** Lists several optimized settings:
  - Image smoothing - On:** Applied to 16 instances. Description: Image smoothing has been enabled to minimize jaggy output when printing low resolution images.
  - Spot color matching - On:** Applied to 2 instances. Description: Spot color matching has been enabled. The Fiery server uses a built-in table to generate the closest CMYK match to spot colors that the copier/printer can produce.
  - Cache PDF and PS objects - On:** Applied to 25 instances. Description: Cache PDF and PS objects have been enabled to process the job faster.
  - Use RGB embedded profiles - On:** Applied to 16 instances. Description: Objects with embedded RGB profiles have been found. Use RGB embedded profiles has been enabled to process objects correctly.
  - Composite overprint - On:** Applied to 116 instances. Description: Composite overprint has been enabled so objects set to overprint are processed correctly.
  - Optimize RGB transparency - On:** Applied to 8 instances.
- Right Panel (JOB PREVIEW):** Shows a "Preview not available!" message. Below it is a "JOB SUMMARY" section with details:
  - Title: efi\_fiery\_home\_furniture\_sale\_poster\_fg\_en\_uk.pdf
  - Pages: 2
  - Copies: 1
  - Media: A3, Plain, 64-74 gsm
  - Last calibrated: ⚠️
  - Default measurements
  - Preflight: Not Preflighted
  - Spooled: Today 11:22:31 AM
  - JobExpert: All categories
  - Workflow: Unassigned
  - Spot Colors: 2 Spot colors

# Visualize otimizações do trabalho

Visualize elementos que exigem que configurações específicas sejam ativadas

The screenshot displays the Fiery Command WorkStation interface. On the left, the 'SERVERS' panel shows a list of servers and their status: HELD (79), PRINTED (8), ARCHIVED (1), PROCESSING (0), PRINTING (0), and COMPLETED (33). Below this, there are tags for various trays and print jobs. The main window shows a job titled 'Image smoothing' with a preview of a furniture sale poster. The poster features a green sofa and text: 'Up to 50% OFF on sofas', 'New Bold Colors!', 'Up to 70% OFF on lighting and accessories', and 'Saturday MARCH 24th'. The job summary on the right indicates that the preview is not available and provides details such as the job title, page count (2), and media type (A3, Plain, 64-74 gsm).

Server	Status	Count
FieryColor2	HELD	79
	PRINTED	8
	ARCHIVED	1
	PROCESSING	0
	PRINTING	0
	COMPLETED	33

Job Status	JobExpert rule
Spooled	All categories
Spooled
