

# Print more efficiently in busy print environments

The Fiery MX-PE15 print server for Sharp MX-8081/MX-7081 can produce professional, finished documents in less time with these easy-to-use job management tools.

## ***Elevate office printing***

Use Fiery Command WorkStation®, the powerful, intuitive job management interface, to set up and print complex jobs in-house, regardless of the operator's experience. Take advantage of Fiery presets to save makeready time.

Add the optional Fiery Automation Package to gain a touchless job submission workflow and professional preflight tools.

## ***Get your corporate colors right***

Accurately match and manage corporate, PANTONE®, and custom spot colors with Fiery Spot-On™ to ensure consistent reproduction of your brand identity.

Take it to the next level with the optional Fiery ColorRight Package for advanced spot color management plus color and image correction.

## ***Print faster and smarter***

Use Fiery VUE — a free interactive application — to create and view booklets, sales guides, and training manuals.

Create personalized documents with free Fiery FreeForm™ Create. With it, you can customize your output to a specific audience by adding variable elements such as text, images, or barcodes with just a few clicks.
