

Fiery Impose and Duplo finisher remote integration service

This advanced remote integration service allows easy setup of a custom imposition layout including cut, crease, and perforation finishing marks – entirely within Fiery® Impose – for maximum time savings. With this advanced finishing integration, Fiery Impose provides built-in knowledge of the Duplo DC-616, DC-618, DC-646, DC-648, and DC-746 offline slitter/cutter/creaser finishing configurations.

What are the benefits of the integration?

- Reduce production bottlenecks by eliminating manual processes
- Achieve more efficient production workflows
- See visual preview of finishing lines before printing to reduce errors
- Lower waste by using the correct finishing settings every time

What is included with this service?

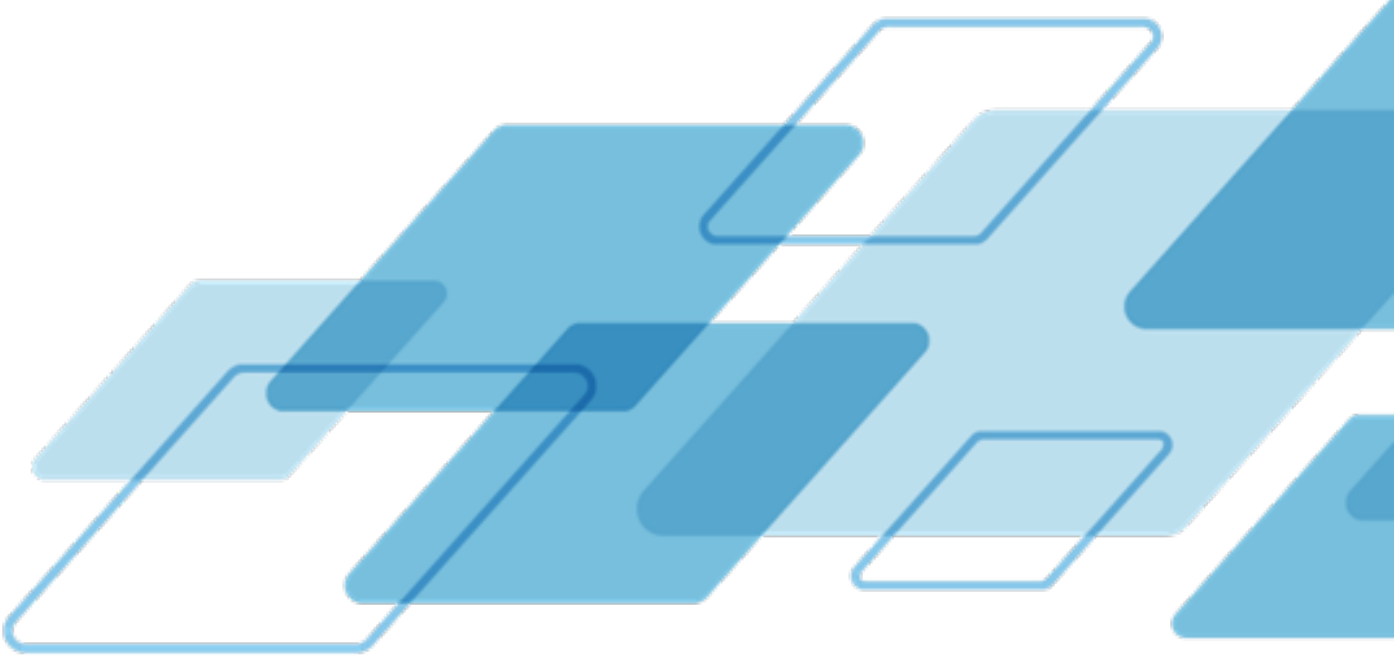

- Activation of Fiery Impose (requires an active Fiery Impose license activation code, sold separately)
- Connectivity of Fiery Impose to the Duplo controller software
- Fiery software setup and training – Learn how to setup and create imposition layouts in Fiery Impose, how it's integrated with Fiery Command WorkStation, and how to automate imposition workflows for a Duplo finisher. The training will cover:
 - Fiery Command WorkStation®
 - Fiery Impose
 - Fiery Paper Catalog
 - Fiery workflow presets
 - Fiery Hot Folders and Virtual Printers (if equipped)

What are the requirements for this service?

- Fiery print server running Fiery FS300 or later
- Fiery Command WorkStation 6.8 or higher
- An activated version of Fiery Impose or a current license activation code (LAC)
- The Fiery server and Duplo controller must be properly networked so they are able to communicate on the network
- Users must complete the Duplo finisher user training prior to this service
- Remote access to the PC or Mac running Fiery Command WorkStation and the Duplo controller
- Installation may be delayed until these requirements are completed

To schedule this service, please contact Fiery Professional Services at ProServicesInquiry@fiery.com or visit fiery.com/estore/imposeduplo/remoteservice.

Available in mainland US and Canada in English only.
